Hi,

Indigo goes on sale to the public April 26th at a retail price of \$24.95.....as a host of the event we are able to purchase and offer this DVD at a discount to the retail price....dependent upon the interest and the volume we order we should be able to give at least a 20% savings on the retail price.

If you are interested in your own personal copy please let me know by replying to this e-mail since I plan to place an order this week.
