Rick,

As I'm sure you are aware I have been trying to reach you regarding your statement about hiring me when I get my DHS/CPS difficulty resolved... As I'm sure you are also aware, I left a message on your voicemail last week with the results of my meeting with Dan Despard, Director of Child and Family Services Policy. The meeting had a positive outcome ending with specific statements made by Mr. Despard that DHHS/Bureau of Child and Family Services does not render definitive decisions about who an agency can hire. On this note Mr. Despard was going to confer with his director to confirm his understandings about this policy. Mr. Despard left me with the understanding that hiring me is a decision made by Care & Comfort and not by DHHS.

If you are still interested in hiring me, I am still interested in employment with your agency.

I would appreciate your immediate response in this regard as I am trying to eliminate those agencies that are not interested in offering me employment. Your statements left me with the understanding that your interest in hiring me was strong and genuine. If this is no longer true, I would appreciate you acknowledging that for me so I may release my hopes of working for Care & Comfort in the future.

Thank you for your time and efforts.

Hello Rick.

Wanted to drop you this line and let you know what kind of progress I have made concerning my DHS case. I called Senator Elizabeth Mitchell last night (whom I worked with at MSHA back 17 yrs ago), had a lengthy conversation with her about the dynamics of this situation, explained that this is something I need to rectify urgently and was there anyone she could call in order to have this CPS case forgiven, or waived, in such a way that I can be allowed to work with children in their homes. She understood what I was asking of her, and she understood that this is something that needs immediate attention. She told me that she will make some phone calls today on my behalf and will get back to me soon with her results.

So, Rick, I'm not sure what kind of results will surface from her influence, or how quickly they will occur, but I am hoping that if I get the results I want will Care & Comfort still have a position available for me in the future? The snafu though is how far into the future will we have to wait... I guess that would be the determining factor, huh?

I'll keep you posted as I receive information from Sen. Mitchell.

I also wanted to thank you for expending as much time and energy on this situation as you have. I am flattered that you recognize my potential and want to work with me on expanding that potential with your agency. I share your interest and hope that Libby will be able to manifest some positive results for me.

Thank you. Will talk with you soon.
