Subject: Pell Appeal

Good morning, Sherry...

I am writing this as an urgent plea for my pell grant benefits. I need to receive that money asap so I can put myself back in an apt. this week (I've been living at the EconoLodge hotel since sept. 1 and really need to get into my apt. this week) as well as purchase the rest of my books for classes. I know your office is beside themselves with these kinds of requests so I just thought I'd add my two-cents worth... ☺

Is there any way that my appeal can miraculously find its way to the top of your list of priorities?? I surely would appreciate any expedition you can muster for me...

If there's going to be a delay past this Thursday in my getting my Pell \$\$, could you please let me know so I can try to figure out other \$\$ funding for my apt deposit/rent??

Thanks Sherry!!
