Subject: Things that make you go hmmmm....

I was watching "Cops" last night on Court TV and the closing statement for the show came from a man the Cops had put in the paddy-wagon " he was being detained because he was trying to protect his sister from her boyfriends™ wrath. As they closed the door to the paddy-wagon with him inside, and started rolling credits, the man stated, "Nobody hits my sister unless they're married to her!"

Go Figure!!!
