Don,

Thank you for your quick response. Yes, I will definitely come to your office in the next few days to speak with you and to give you a copy of the eval - you're gonna need some time to read it as it's quite extensive.

My classes are actually going quite well - so far, tentatively, my grades are 1 "A", and 3 "B"s. I gotta tell you though, the note-takers are not as helpful, or consistent, this semester as they were last semester. I never even knew who they were for several weeks.... I will keep them on hand though in case they do come in useful.

Will be seeing you soon.

Gina

Hi Gina,

I was thinking just a couple weeks ago, I wondered where you were at with the testing process. I'd be glad to meet with you. If you can stop by my office when you get a chance, we can make a copy of the report and set up a time to meet. I am a slow reader, and like to have a chance to read things over before we talk about what to do. Hope the semester is going well for you. --Don
