Subject: Shift Scheduling changes

Hi John.

Dropping you that note which you requested regarding the schedule changes. My shift is Sun – Wed, with Th, Fri, Sat off each week. Although I agree that something needs to be tweaked regarding the schedule to make it less vulnerable, and less cumbersome, I prefer to keep my current workdays, although tweaking my hours each day would not be opposed. I currently work 8a – 10p every Sunday, 2p – 10p every Monday, 2p – Midnight every Tuesday, and noon – 8p every Wednesday. I am comfortable with the current schedule/hours but am open to tweaking my schedule in order to better serve my peers, the program and the kiddos.

I am very interested to see what changes are considered and I would appreciate the opportunity to offer feedback prior to any solid changes being made. I know I have spoken with some of my peers and they have articulated the same concerns as I.

Thank you for your concern and willingness to consider our requests.

Gina Turcoote
