To Whom It May Concern:

From: Suzanne White, LCSW

Regarding: Emotional Support Animals
For Gina Turcotte

I have worked with Gina for 9 years. She has a documented history of a major mental illness—Bipolar Disorder. The companion “emotional service animal” has been necessary for her emotional assistance and has proven to alleviate her depressive symptoms. Cats have proven to be most beneficial.

Should you need further information, feel free to contact me at 207-649-4047.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Suzanne White'.

Suzanne White, LCSW
